Education

05.2006 - 06.2011 Humboldt University Berlin | DE | PhD | Biophysics
03.1999 - 11.2005 University of Buenos Aires | ARG | BSc and MSc | Theoretical Physics

Research positions

01.2020 - present Charité University Hospital | DE | Group Leader – AG Granada
04.2016 - 11.2019 Humboldt University | DE | Independent Postdoc IRI For Life Sciences
05.2012 - 03.2016 Harvard Medical School | USA | Postdoc | Department of Systems Biology
07.2011 - 02.2012 Charité University Hospital | DE | Researcher | Chronobiology Unit
05.2006 - 06.2011 Humboldt University | DE | PhD student | Institute for Theoretical Biology

Selected Grants

2021 German Federal Ministry of Education & Research | DE
Special research equipment application
2020 German Federal Ministry of Education & Research | DE
Dynamics of response to chemotherapy in heterogeneous tumor cells
2017 - 2019 Joachim Herz Stiftung Research | DE
How mitotic anomalies relate to cell survival in individual cancer cells
2016 - 2019 IRI Life Sciences Research Grant | DE
Dynamics of cell fate responses
2015 - 2019 Susan G. Komen Breast Cancer Foundation | USA
Dynamics of cell fate decisions after breast cancer radiotherapy
2014 - 2015 American Association for Cancer Research (AACR) | USA
Cell fate decisions upon radiotherapy treatment

Selected research awards

2018 Award at the Biological Oscillators Symposium at EMBL | DE
2014 Award American Association for Cancer Research – Basic Research | USA
2011 Outstanding visitor's Award Fellowship | Weizmann Institute | IL
2010 Research Award - Society for Research on Biological Rhythms | USA
2010 International Conference on Synthetic Biology | FR
